EDUCATION

Bachelor of Technology | Computer Science - 7.99   Nov 2016 - Apr 2020
Shri Shankaracharya Technical Campus

WORK EXPERIENCE

Software Engineer, *GlobalLogic India Limited*   Dec 2020 - Present
• Developed REST APIs in Spring Framework with input validation.
• API documentation using Swagger.
• Usd Hibernate as persistence framework for ORM and map the object to table and developed complex
  SQL query to complete complex data requests.
• Used Postman to test the rest-base services and used junit and Mockito to test the functionality.
• Developed an automation script to trigger jobs asynchronously with different parameters.
  Eliminating manual input and reducing total jobs execution time by 30%.
• Experience of developing applications and big data ETL pipelines.
• Designed complex web pages with reusable React Components using React. JS with REST API Integration.
• Implemented React-Saga middleware to handle asynchronous data calls and store satte tree in React-Redux.
• Used flex-box CSS layout to organize website elements including parent elements and child elements.
• Writing unit tests and integration testing for frontend by using testing tools such as Enzyme, jest in a test
driven development.
• [React.js, Javascript, Redux, REST API, Scala, PowerBI, Spark, Java, Spring boot, Kafka, Microservices]

Intern Software Engineer, *Entit Consultancy Services*   Feb 2018 - Mar 2018
• Writing unit test case for API's and frontend, and building backend logic with team members.
• Rated as the best overall intern from a group of 10. [Node.js, Mongodb, Javascript]

SKILLS

Languages: Java, Python, C++, JavaScript, SQL, Scala
Web Technologies: HTML, NPM, React.js, Node.js, Webpack, Bootstrap, SCSS, JSON, REST API, Spark,
Tools: IntelliJ, Visual Studio, GitHub, Power BI, AWS, Databricks
Databases and Server: MySQL, Relational Database design, Mongodb, PostgreSQL

PERSONAL PROJECTS

IPL Dashboard: CSS, JavaScript, React.js, Spring Boot Microservices, Spring Batch, JPA | Github
• Designed an IPL Dashboard containing historic data about teams.

EComm WebApp: Node.js, Express.js, React.js, MongoDB | Github
• An ECommerce Website with cart and payment option.

AWARDS

Spotlight of the Month | GlobalLogic India Limited   Aug 2021

CERTIFICATION

AWS Certified Cloud Practitioner - Microsoft Certified: Azure Fundamentals,Azure Data Fundamentals
